-While Charles Johnson, son of W. II Johnson, was fishing along Tony's 400k, on Saturday last, the bank -uddenly gave way and he fell with the brt into the water and was nearly covered with the earth. Fortunately a companion named Griffith was on hand and extricated him before he met with any

more serious result than getting wet. We understand great preparations are being made by the people of the Park M. E. Church for their annual entertainment on Decoration Day. It will be held in Library Hall, afternoon and evening. Every year adds to the comunities's experience of what the people want and how to please them. Nobody will be disappointed this year except the man that forgets to attend.

The Fire Association.

Nearly one hundred and fifty members of the Fire Association assembled at Dodd's Hall on Monday evening to discuss the fire question. President Moore called the meeting to order and stated

On motion, Mr. Moore was elected Chairman, and J. B. Reford, Secretary. Mr. Chambers offered the following resolution for discussion only:

Whereas, The Fire Association has accomplished the purpose for which it was orgainized, moved that it take such steps as seem necessary to sever itself with the Township Committee.

Mr. Cook thought it would be unfortunate for the Association and Committee to sever their connections, and saw no reason why they could not continue to act in perfect harmony, as it was a well known fact that the Department owed its creation to the Association, The people who gave liberally toward the fund did so with perfect confidence in the Association.

Remarks were made by Chairman Baldwin, Messrs. Reford, Oakes, Weeks, Handy, and Chambers, nearly all being in favor of the Association control.

Mr. Flannery stated that the Hose Company had paid about \$165 the Association and received no benefit from it, and asked what had been done with the money. He al greivances at the expense of our was informed that no claim had ever been presented to the Association which strong to express the danger to which was not recognized; also, that the Asso- the Town Committee has exposed us. ciation could show satisfactory youchers for all moneys expended. This led into a discussion about uniforms and dues paid to the Association. Mr. Moore then vacated the chair and said:

"The more I see of fire departments in other towns the more I am convinced that this Association should be continued. If it had not been for ex-Chief Marsh no such trouble would have occurred. He has from the day of his appointment been for the Hose and against the Truck. It is the duty of a chief to stamp out any trouble instead of causing and nursing it. I say it was a great mistake when the Association appointed A. J. Marsh as chief, and a worse mistake when we asked the Committee to confirm him. Mr. Marsh recently stated to the Committee that it would not be ed and made by Durand & Co. of safe to call the Hose and Truck together | Newark. at a fire as they would surely fight. I have here to say he then did the men a great injustice. The members of our Department are gentlemen and would not fight, notwithstanding his efforts to make

Mr. Chambers then withdrew his resolution, and the following motion was

offered by Mr. Reford: Has the Fire Association accomplished the purpose for which it was organized? A vote showed the meeting as unani

mously of the opinion that it had not after which the meeting was adjourned. All of the members of the Township Committee were present except Mr. Dailey.

Township Committee Mr. Charles Martin, appeared before the committee, on Wednesday evening, and requested that body, to commence work in grading the sidewalk upon the Broad street side of their property, assuring the committee that all they would ask, would be the removal of the dirt from the cellar. They are desirous of lowering the store to the street grade, and making necessary repairs in and about the building. Consequently they are willing to waive all claims for damages against the township. Mr. J. B. Harvey, made a similar request for the grading of the walk on his side of the street. The matter was referred to the Sidewalk and Road Committee with

A check was received from the Water Company for \$90, which was overpaid to them last year, owing to a clerical error in their books.

Mr. Gallagher asked that two Surveyors Highways be appointed for work that was now waiting their qualification. | church parlors. Messrs. Dodd and Haskell were accord-

ingly appointed. When the fire matters were brought up Mr. Oakes, moved that J. B. Reford be appointed Chief. As it was not seconded, Mr. Daily moved that the resolution of 1883 making the Fire Association the custodian of the apparatus of the Department be rescinded.

It was seconded by Mr. Corby. Messrs. Baldwin, and Oakes, spoke against the motion, while Messrs. Daily, and Corby, favored it. The resolution was passed; Dodd, Dailey, and Corby, voting Yes, and Mr. Oakes, No. A letter was then read, from Foreman Ward, of the Hose Company offering the services of his Company, for one year, which was accepted. A request was also received, from the Watsessing Company, for recognition and equipage. The "jumper" was placed in charge of W. J. Coffman, the foreman.

At this time the majority of visitors

present left, and in a few minutes the Watsessing company was on its way down Bloomfield Avenue with the "jumper." It was in marked contrast to the manner in which it was returned from Watsessing a few weeks since. when A. J. Marsh, hauled it back via Glenwood Avenue, Glen Ridge, and Clark Street late at night in order that he should not be seen by any one at the

Centre. The action of the Committee is severely criticised by the orderly element of the Township, and by nearly all the subscribers to the fund which created the Department. The causes for voting as the members did, can easily be traced to the true source: which in each case is for another reason than a mere idea that the department will be benefited by its present management.

We are nowled to believe that a state ment recently made by a prominent Democrat of the Hose company, that, "The struggle is caused principally by politics is substantially true; although we could not at first credit this version of the trouble. We are notable to state what the future action of the Association will be: but are free to say that six months from now the Department will be in a worse condition, morally and for service, than possibly our respectable citizens would wish to believe. It is a poor policy for trusted officials to satisfy person-Fire Department. No words are too

Essex County Hunt.

The members and friends of the Essex County Hunt, are very much interested in the Hunt Steeplechase Meeting to come off at Cedarhurst. The first day's racing takes place this

afternoon, and will be known as the 'Meadow Brook" day. The second day's racing will be on

next Wednesday afternoon, and will be the "Essex County" day. Saturday, the 16th inst., will conclude the meeting, and will be the "Rockaway

A Pleasant Evening.

The congregation of the First church enjoyed a very pleasant sociable on Wednesday evening, as the guests of the Vocal Society, which under the leader, ship of Mr. Theodore H. Ward, has held weekly meetings during the winter, in the Infant Class Room.

A short musical programme was prepared, consisting of instrumental music, and singing by the class, which showed careful training; and sang their very pretty selections, with an energy and spirit, which evidently pleased the audience, and did credit to the leader, whose instruction has been entirely gratuitous. The next on the programme, was the rendeirng on the violin of the beautiful selection Melancolie, which was finely executed by professor Ebeling, with a piano accompaniment by Mrs. R. K. Schuyler. The air itself is very sweet, and the variations gave opportunity for skillful playing, which they certainly received at the hands of the professor. They were followed by a flute duet by Mr. R. W. Gardner and Mr. E. W. Morris, with Mrs. Morris as accompanist. This was somewhat of a novelty to many present, and much enjoyed by all; and we hope through their kindness to become more familiar with this style of music. Mr. Ward was the recipient of a handsome basket of flowers, as a token of appreciation from the class. A Literary Salad caused much amusement and added to the funds of the Ladies' Aid Society. At a later hour, cake and cream were served; and when the company separated, it was with the feeling that this was one of the pleasantest Sociables ever held in the
